FROM

THE AUDITORS OF THE ACCOUNTS OF THE COMMISSIONERS FOR MAKING IMPROVEMENTS IN THE PORT OF CALCUTTA,

To

THE COMMISSIONERS FOR MAKING IMPROVEMENTS IN THE PORT OF CALCUTTA.

GENTLEMEN,

WE have the honor to report that we have examined your accounts for the half year ended 31st March 1872, and have found them to be correct.

2. During the six months your nett earnings on the Wharves, Jetties, and Strand Bank Division, amounted to Rupees 1,77,200, against Rupees 1,92,738, realized in the preceeding half year, the diminished earnings of the past six months being due to increased expenditure consequent on extension of the Jetties, while there has not been a corresponding increase of revenue. Your extraordinary expenditure amounted to Rupees 2,92,263, and was provided entirely from Surplus Revenue.

3. In the River Division your nett earnings were Rupees 99,368, against Rupees 67,818 realized in the previous half year, the improvement being attributable to larger collections of revenue. An addition of Rupees 1,01,875 has been made to the Reserve Fund.

4. Your financial position on 31st March, as described in your books, may be stated as follows :—

	Wharves and Jetties and Strand Bank Division.	River Division.	TOTAL.
LIABILITIES—	Rs.	Rs.	Rs.
Capital Debt	10,00,000	17,65,000	27,65 000
Nett Earnings	5,44,295	3,51,059	8,95 354
Uninvested Income of Reserved Fund ...	.....	2,253	2,253
Deposits in hand	780	.....	780
Total ...	15,45,075	21,18,312	36,63,387
ASSETS—			
Value of Block	13,98,951	17,65,000	31,63 951
Reserve Fund	.....	20,08,250	2,08,250
Outstanding Advances	.....	30	30
Cash Balance	1,46,124	1,45,032	2,91,156
Total ...	15,45,075	21,18,312	36,63,387

In these figures the nett earnings contrast favorably with the Capital Debt, as well as with the outlay on block, and are shown to have been duly utilised by employment for enlargement of block as regards the Wharves and Jetties, and by investment in a reserve fund as regards the river. The block, however, is shown at the amount paid for it, no allowance having been made for depreciation by a corresponding charge against earnings. Such an allowance was always made when the Port Fund was administered by Government, and we would suggest for your consideration whether it would not be advisable to continue the practice. At any rate, the probable charge for depreciation should be kept in sight when questions come up as to the disposal of the surplus revenue, in the same way as they would be taken into the calculation in dividing profits on a partnership account.

The following order, issued by the Government of India, Public Works Department, is republished for information:—

No. 278.—*The* 23*rd May* 1872.—The following rules for the compulsory retirement of officers of the Public Works Department on attaining the age of fifty-five years, are published for information:

Rule I.—No military or naval officer in the Public Works Department, who holds a gazetted appointment, shall be appointed to any new office after he attains the age of fifty-five years, or shall be permitted, after attaining that age, to retain an appointment which he may have held for five years.

Rule II.—Appointments to a new office (Rule I) include promotions to a higher grade or class, whether substantively or temporarily.

Rule III.—Warrant officers, who are graded as Assistant Engineers in consequence of having received honorary commissions, are exempted from the operation of Rule I.

Rule IV.—The exemption of military or naval officers from the operation of Rule I will require the sanction of the Secretary of State in Council, to whom a reference may, in special cases, be made at the option of the Government of India in the Public Works Department in communication with the Military Department.

Rule V.—The application of these rules will not be enforced in the case of officers appointed to the Department prior to 1st January 1871 for five years from that date; that is to say, the rules will, in the case of such officers only, become applicable from 1st January 1876.

The rules as regards the compulsory retirement of uncovenanted officers in the Public Works Department are embodied in Chapter XI, section 53 of the Civil Pension Code, which, for facility of reference, is quoted below. The exemption of such officers holding gazetted appointments, that is appointments in the Engineer Establishments, or such as are analogous to them, will however rest with the Government of India in the Public Works Department.—Rule II above is applicable also to uncovenanted officers.

Chapter XI, Section 53, *Civil Pension Code.*—A superannuation pension or gratuity is granted to an officer compelled by rule to retire at a particular age.

1. An officer in a superior grade, who has attained the age of fifty-five years, should be required to retire, unless the Local Government considers him efficient and permits him to remain in the service. As the premature retirement of an efficient officer imposes a needless charge on the state, this rule should be worked with discretion, and no officer can *claim* to retire on the ground that he is fifty-five years old.

2. An annual return of officers permitted to remain in the service after the age of fifty-five years should be submitted in the subjoined form to the Government of India in the Administrative Department concerned:—

   1.—No.
   2.—Office.
   3.—Name of officer.
   4.—Present age.
   5.—Period of extension.
   6.—Grounds of extension and remarks.

3. In the Public Works Department the above rule will not, until the 1st January 1876, apply to officers appointed to the Department before the 1st January 1871, unless they have attained the age of sixty years, or have been in the same appointment, grade, class, for five years.
